Dear Manager,

Please accept this letter and the enclosed resume as my application for the position of **Seasonal Casual Sales Associate**. I'm quite interested in the possibility of working with your team. Because of my previous experience working in a comparable role, I believe I am one of the top candidates for this post.

I am pursuing my PG diploma in Business Analytics from Cambrian College. I completed my graduation from Rajiv Gandhi Proudyogiki Vishwavidyalaya (India) in Bachelor of Computer Science. In addition to my six years of experience working as a data analytics consultant, I have held several part-time jobs during my undergraduate career and volunteer positions throughout my working days.

I bring strong experience in managing and working with customers from my previous experience as a **cashier** at **Pantaloons (India)**. I feel comfortable communicating with executives from across all levels of the organization and with external clients. I am confident in handling challenging situations. At the same time, I would take great pride in being associated with your team and getting a chance to add value and learn new things every day while working there.

I would really love to have this opportunity to work with **Michael Hill** as a **Sales Associate**.

Please find my resume attached and feel free to contact me at himonnet31@gmail.com or **(249)-979-2957** to schedule an interview. I would appreciate the opportunity to discuss this further, and I am happy to give any more information you may require from my end.

Thank you for your time and consideration.

Himanshu Bairagi
